VISUALIZING TIME SERIES DATA IN R

Case study presentation

Arnaud Amsellem
The R Trader

Your savings

Invested in a portfolio with 3 stocks

- Microsoft
- Yahoo
- Apple

You have some spare cash to invest

Role of correlation

Microsoft

+

YAHOO!

+

+

New portfolio

Role of correlation

- Rule number one in investment: **capital protection**
- Low correlation = protection from severe losses
- You will use the `PerformanceAnalytics`-package

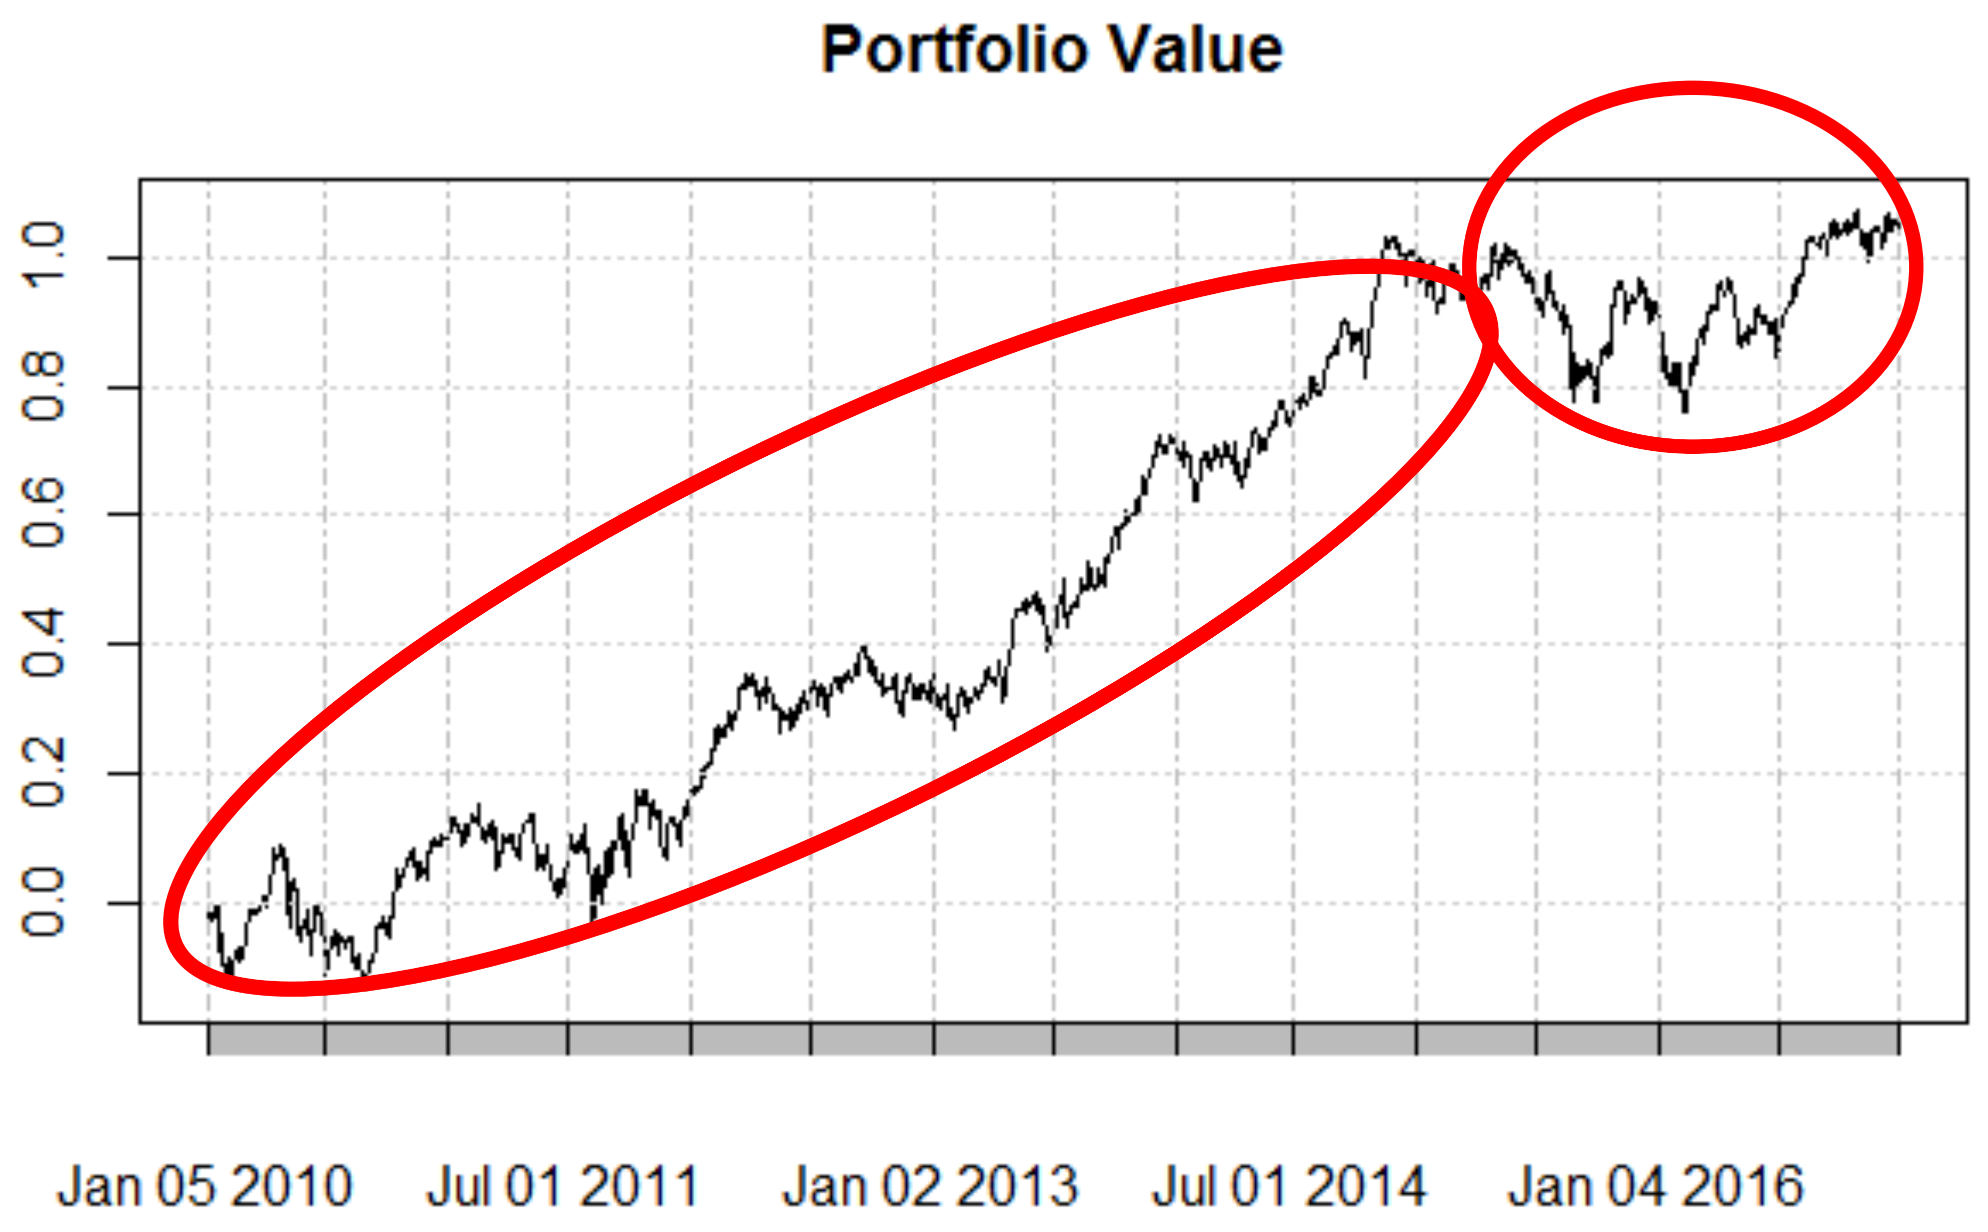
Let's practice!

New stocks

Arnaud Amsellem
The R Trader

Conclusions so far

- The value increased by 100% over the course of 7 years
- Really good performance between 2010 and 2014
- No performance since end of 2014



In what follows...

- **Goal:** Choose one stock to invest your spare cash
- A new dataset
- Choose only one stock
- Compare old and new portfolio

Let's practice!

VISUALIZING TIME SERIES DATA IN R

Congratulations!

Arnaud Amsellem
The R Trader

Course wrap-up

- Chapter 1: xts, plot() etc...
- Chapter 2: Univariate time series
- Chapter 3: Multivariate time series
- Chapter 4: Case study
